

## **The Stannington Players**

### **Policy on taking, storing and using images of children**

#### **Introduction**

At the Stannington Players, we are a friendly and inclusive community that is proud of the achievements of its members.

#### **Parental Consent**

Parents/legal guardians who accept a place for their child in a Stannington Players production are asked for their consent for the use of photographs and recorded footage of their child and information relating to their role for promotional purposes. Such images may be published on our Website or Facebook page or sent to the local press for publicity purposes.

The Stannington Players may photograph and record the dress rehearsal or other performances, and take other photos of the cast and use these images as follows:

- in the photo album which provides a historic record of productions
- as part of a display in the Lomas Hall during performance week

The Society does not require consent for this legitimate use of this personal data.

#### **Use of Images**

Images of our junior members will be taken only by authorised personnel and will be used only for the following purposes:

- internal displays on notice boards within the Lomas Hall during performance week;
- in the society's photograph album;
- communication via the Stannington Players Website or its Facebook page;
- promotion of forthcoming or recent productions via the local or national press.

No payment shall be made to minors or to parents/legal guardians for material containing images of their children.
